

# Clinton Township Fire and Police Retirement System

## Summary Annual Report

March 31, 2017

Dear Member:

The following is a summary of your Retirement System. Each year, an actuarial valuation is prepared to compare assets to liabilities. Assets are held and invested in a trust separate from other Township assets. The only disbursements from this trust are to members who are retired or disabled, beneficiaries of members, members who receive contribution refunds, and for Retirement System expenses.

As Retirement Board Members, our tasks include making sure trust assets are invested prudently, required Township and member contributions are received and that benefits are paid in accordance with the Retirement System's provisions.

Various professionals are hired to help in the administration of the System. They are listed in the column to the right.

The Township is funding Retirement System benefits as they accrue in accordance with a sound level percent of payroll funding objective.

Respectfully submitted,

## Actuarial Valuation Summary

Rodwan Consulting Company was hired to prepare the March 31, 2017 Actuarial Valuation. The funding objective of the System is to contribute a contribution that remains level from year to year as a percent of payroll. The actual level of contribution is dependent on past and assumed future experience, including investment performance, and benefit provisions. Below is a summary of the results:

<b>Contribution Requirements</b>	<b><u>Fire</u></b>	<b><u>Police</u></b>
Normal Cost of Benefits		
Total	24.18%	23.74%
Member portion	6.52	7.34
Employer portion	17.66	16.40
Amortization of unfunded liability (20 years)	21.37	9.21
Computed Employer Rate	39.03%	25.61%

*Contribution rates are expressed as percents of eligible member payroll.*
