

# What are the Signs of an Illicit Discharge?

## Sanitary Sewer Discharges

### Observations:

- Sanitary debris
- Staining on pipe
- Soap suds
- Gray or discolored water
- Odors: sewage, rotten eggs or detergents

## Failed Septic Systems

### Observations:

- Overgrown or wet patch of grass
- Cheater pipe to ditch
- Soap suds
- Gray or discolored water
- Odors: sewage, rotten eggs or detergents

## Illegal Dumping, Spills or Floor Drain Connections

### Observations:

- Oil sheen
- Stained sediment, rocks or vegetation
- Odor: petroleum, chemical

## Industrial Discharges

### Observations:

- Discolored water or vegetation
- Odor: petroleum, chemical

## Agricultural Runoff, Fertilizers, or Sanitary Sewer Waste

### Observations:

- Algae growth near drain outlet or in a ditch

## Soil Erosion from Construction Sites

### Observations:

- Bare soils or banks with no soil erosion control fencing
- Muddy discharge from an outfall

# Important Numbers

## EMERGENCIES

- Police/Fire 911
- MDEQ Pollution Alert System (PEAS)

## NON-EMERGENCIES

Macomb County 1-877-679-4337; 24 hours

Oakland County 248-858-0931; 24 hrs

Washtenaw County 734-222-3880; 8 am - 5 pm

---

Wayne County 888-223-2363; 24 hrs

# How to Spot Illicit Discharges

An illicit discharge is any discharge containing polluting material, such as sediment, nutrients, oil and bacteria. These discharges can drain to lakes and streams via storm drains. The communities in Southeast Michigan are required to prevent illicit discharges from entering storm water. You can do your part by notifying the appropriate agency when you spot a potential illicit discharge.

## What to Report?

- Spills and contamination to lakes, rivers and streams
- Suspicious dumping to catch basins or waterways
- Unusual discharges from pipes
- Sewage on the ground or draining to surface water
- Large number of dead fish in waterways
- Failing or leaky septic systems
- Polluted runoff from storage piles or dumpsters to catch basins or waterways
- Sewage, detergent, chemical, petroleum or rotten egg odors
- Soil erosion from construction sites
