lock box

Clinton Township Fire Department and Roper Lock Box  
*introduce the*

## RESIDENTIAL LOCK BOX PROGRAM

A lock box is a safe and durable metal box installed on your home that will contain your personal house key(s). The box is secured by a master key to which only our Fire Department has exclusive access. The purpose of owning one is for the use of our fire department to gain entry into the home during an emergency. This can save valuable time in getting responders to you, and preventing your home from being damaged because of forced entry.

The lock box is ideal for those: with medical problems, recuperating from a hospital stay, living alone, using an electronic calling/medical alert service and seasonal residents. Keys are safely locked away and hidden from view.

The township fire department has partnered with a reputable company to provide this offer to our residents. The cost of the box is **\$32.95 plus shipping** – a minimal amount if associating that to your well-being and the potential savings in home repairs.

Even though there are two models to choose from, our Fire Chief *highly recommends the over-the-door* model for Clinton Township residents.

You may purchase the lock box online at: <https://roperlock.com/product/clinton/>

or, call toll-free: 1-(800) 466 – 9312

**Once you receive the lock box, you must contact the Clinton Township Fire Department at (586) 263-8437 to schedule an appointment for them to install and secure your house key(s)**

- There is NO drilling with securing the lockbox onto your home.
- Our department will mount and secure **your** personal house key(s) with our master key – you cannot do this without our exclusive, designated key.

## Clinton Township Lock Box Program

The box is secured by a master key to which only our Fire Department has exclusive access. The purpose of owning one is for the use of our fire department to gain entry into the home during an emergency. This can save valuable time in getting responders to you, and preventing your home from being damaged because of forced entry.

The lock box is ideal for those: with medical problems, recuperating from a hospital stay, living alone, using an electronic calling/medical alert service and seasonal residents. Keys are safely locked away and hidden from view.

The township fire department has partnered with a reputable company to provide this offer to our residents. The cost of the box is \$37.95 – a minimal amount if associating that to your well-being and the potential savings in home repairs. Even though there are two models to choose from, our Fire Chief highly recommends the over-the-door model for Clinton Township residents.

- There is NO drilling with securing the lockbox onto your home.
- Our department will mount and secure your personal house key(s) with our master key – you cannot do this without our exclusive, designated key.
